

FOR IMMEDIATE RELEASE

March 27, 2015

RACINE, WISCONSIN

Joseph E. Sabol organized the technical program of the Division of Small Chemical Businesses SCHB at the American Chemical Society 249th National Meeting, March 22-26, 2015 in Denver CO. The meeting theme was *Chemistry of Natural Resources*. The SCHB program included symposia on *Best Practices in SBIR & STTR Grant Proposals*, *Water is the Next Oil: Small Businesses Percolating to the Top*, and *Kathryn C. Hach Award for Entrepreneurial Success Symposium*. More than 14,000 chemical professionals attended the five-day meeting. See [www.acs.org/denver2015](http://www.acs.org/denver2015) for more information.

The ACS was founded in 1876, has headquarters in Washington DC, and currently has more than 164,000 members.

Sabol has served as the ACS SCHB program chair since 2008 and also serves on the ACS Committee for Chemistry and Public Affairs and the ACS Great Lake Region Board. Sabol is a consultant to the chemical and semiconductor industries, and has offices in Racine WI and Marquette MI.
